Feedback on Master's House Consultation

Copy of Press Release

- Ledbury & Area Development Trust (LADT) is organising an Open Day in the Burgage Hall on Tuesday 2nd October 2007 between 2.00pm and 6.00pm to provide feedback on the outcomes of the consultations it undertook - commissioned by Herefordshire Council - about potential future uses for the Master's House in Ledbury.
- "We were very pleased that over 250 people came to look around the Master's House at the three open days we held in May and June, and that around 500 people completed and returned the survey to us," commented LADT's Chief Executive, Roger A. Payne.
- "We promised at that time that we would let people know the outcomes of the survey, and the provisional recommendations that come out of the consultation. The Open Day in the Burgage Hall on the 2nd October is our way of doing this."
- Members of LADT will be in attendance and there will be a display and a summary of the results from the survey on show. Everyone is warmly encouraged to come along to see these and – equally importantly – to put forward their own comments on them.
- This will be followed at 6.00pm by an Open Meeting – also in the Burgage Hall - hosted by Herefordshire Council. People will be invited to comment on the survey findings, and to put their own points of view to the Council on the way forward for facilities in the town.
- With the benefit of having the feedback and hearing the views expressed at the Open Day and Open Meeting on the 2nd October, LADT will be able to complete its work on a proposed Business Plan, and Audience Development Plan for the Master's House, which it will then submit to Herefordshire Council.
